~Don't say i didn't Warn you.~

~Tommy POV~ {1231 Words}

While walking out from my crappy apartment I suddenly get a call from a from **Tubbo** my roommate! when i answered the call tubbo started saying "You need to get to Bad's Cafe right now there's a sale!" I smiled I responded with " Alright ill be there in a bit save me a seat big ma-" I dropped my phone is shock i suddenly get pulled into a ally way before i had time to react The person said "**Go to sleep** will you?" In the matter of seconds i fell unconscious the last things i could hear was "**Tommy**!?" then suddenly I was surrounded by darkness.

When i woke up i was in a cozy but slightly erie living room, immediately I jolted up and scanned the room. While I was looking around cautiously i noticed a Man wearing black jeans and a muted yellow turtle neck next to me on the couch. I immediately jumped off the couch and grabbed the man by his shirt I took a closer look at the man, He had dark brown curls and rounded glasses, he had slight freckles as well. I started questioning him in a loud tone "**Where the fuck am I?"** I gave him a cold glare which he responded with a **chuckle. 'Was he FUCKING laughing at me?!'** I thought, I could feel anger bubble inside of me. But I also could feel fear taking over my body. Suddenly the man pushed my hands off of his turtle neck gently. Then the man stood up forcing me to back up slowly. Suddenly the man started speaking "**Welcome home Tommyinnt!**" He said giving me a sinister smile "**Or should I say Tommy Minecraft?**" He said i slowly step back "**You cant keep me here you know?**" I said giving him a smart smile. He suddenly walked up to me and grabbed my cheeks and said "**Don't be smart with me.**" After he spoke he slapped me. Angry tears start falling down my rosy cheeks. He looked at me with a pitiful look on his face "**Aw the poor baby is crying..**" he mocked. I could feel my breathing becoming hitched and tears falling down my face faster

and faster. I started screaming at him while he stood there calmly when he ask me "**Are you done yet?**" When he said that i could tell he was annoyed but what really shocked me his eyes were turning red, Now they were bloodshot red. As soon as i saw his eyes i started panicking was he gonna kill me? Or will he do something worse, As those words filled my head I started shaking '**was I having a panic attack?!**'. I started shaking more and more and fear started taking over my body. Soon the strange man walked up to me and gently pushed me on the couch. He kneeled down and whispers in my ear "***Go to sleep sunshine***" as soon as he said those words I passed out in his arms.

As my eyes open I hugged the blanket as the morning beams of light hit my face. I groan and then realize ' **This isn't my bed..**' instead of my old raggedy blanket that barely kept me warm at night, the blanket was silky and soft. I jolted to sit up on the bad causing me to get lightheaded and a bit dizzy. I looked around and saw a strange man with braided pink hair sitting in a rocking chair. He didn't notice that I was awake yet so I took my chance I jolted off the bed and sprinted to the door. As soon as I reached the door handle I was picked up by my waist. I knew it was the boy with pink hair. So I started kicking and hitting him, I opened my mouth and chomped down on his hand. He dropped me saying a variety of cuss words I didn't pay attention to that. I opened the door and ran as far as my legs could take me. Eventually I found a door leading to the outside. I practically kicked down the door and started running.

I soon realized that I was in the woods I didn't let the stop me though I ran and ran until I thought I was far enough I stopped for a bit to catch my breath when suddenly I got hit with a FUCKING bat! The impact of the bat caused me to black out.

When i woke up i was in the bed again this time there was something on my head, I felt cold so I assumed it was a cold rag. I took the rag off and in second I felt a sharp pain in my head that wouldn't go away! It started to get worse and worse to the point I was sobbing. Eventually it got too bad I couldn't handle it, so I screamed in agony. In seconds two boys came dashing in to check on me. As soon as I saw them I backed into the corner of the bed.

The brown haired one asked me "**Are you okay!?**" Which the pink haired one responded with "**Of course he's not okay you hit him with a bloody bat!**" I watched them bicker. As soon as I was gonna make a run for it a blonde haired guy walked in and clapped his hands to get the others attention.

-Wilbur's pov-

Techno and I were bickering when suddenly phill walked in and clapped his hands we immediately stopped bickering with techno giving me a couple of death stares. Phil started talking "**Welcome home tommy!**" He gave the young boy a wicked smile. "**Since your apart of this coven I must turn you into a vampire!**' I looked over at tommy his tears started flowing down his cheeks faster, His pupils were super dilated. He looked like he was about to pass out. Then Phil picked tommy up and carried him to his study.

-Tommys pov-

When this dirty blonde haired man picked me up I started kicking, screaming, And hitting to get away from him. Nothing worked though he just kept walking with a sinister smile on his face. I started sobbing more then I already was. We soon reached his office or study it was quite small but homey. We set me down on a soft couch and closed the door. I started to panic and started begging when he started walked closer to me "**Please.. I don't wanna be a vampire**" I muttered he responded with a slight chuckle "**I'm sorry my dear, but it must be done.**" I started sobbing louder and louder and curled myself up in a ball when he reached me he sat down next to him and pulled me into his lap he moved my slightly long strawberry blonde hair and said "**This will only hurt for a minute**" then hit bit down on my neck sucking all the blood out of it. I let out a blood curling scream as he sucked more and more of blood out I started crying louder I'm pretty sure the animals outside could hear me at this point. I started punching him weakly in hopes he would stop, of course he didn't. I let out a small whimper before I passed out due to blood lost.

~Pain~

~Tommy's Pov~ {458 words}

When i opened my eyes I Back in the Bedroom i was in before, this time I felt bandages on my neck? Then i remembered what happened Then a sudden Sharp Pain Went through my body I Bite onto the blanket due to the pain I pulled the blanket over my head and started to sob. Eventually The door Cracked open i didn't care who was walking in all i wanted to do was cry, The Person walked up to bed and tried to pull the blanket from over my head I took there hand and bit it "AGH-!" The person slightly scream in agony I came out the blanket just to see it was the pink haired man,
He eventually Sat on the bed sitting right next to me then suddenly pulled me into his chest I couldn't help but to feel safe.. The man started to speak again "Let me introduce my self The names is technoblade" He said "I'm apparently your new brother.." I sighed and said "None of you guys will ever be my fam-" The pain on my neck made it feel like I couldn't breath Talk even, I stopped talking and we just sat there in silence when he suddenly said "Welp my time to watch you is up, Wilbur is going to be coming in shortly, Don't try to run away, Wait you can't walk anyways!" He laughed psychotically "Yes I can you bitch!" I screamed and stood up. as soon as a got up my head started spinning and I started falling forward lucky Technoblade was able to Catch me just in time "You were saying?" He giggled and laid me down on the bed, He tucked me back in even though it was in the middle of the day he sat down and started playing with my hair and started reading me a story in the softest voice I've ever heard I couldn't help but feel sleepy I tried my hardest to keep my eyes open but failed as I was drifting to sleep I saw Wilbur walk into the room and Technoblade walking out.

I woke up to Wilbur singing me a song a rubbed my eyes open to see him smiling at me and ruffling my hair I tried to push his hand off me but he pulled my hair "ARGH THAT HURT YOU BITCH-" I stopped speaking because of the pain, Instead I punched him in the

arm, He didn't even flinch Wilbur smiled and said "**How about you go back to sleep**.." And I fell back to sleep.

[Authors note]
[IM SO SORRY I HAVEN'T POSTED IN A WHILE A LOT OF PERSONAL STUFF HAPPENED BUT IM BACK NOW! Expect another chapter next Sunday/Saturday! BYE HAVE AN AMAZING NIGHT/ DAY ＜33]

~Comfort?~

I woke up to the man that bit me in the neck petting my hair while watching TV, I looked up slowly at the man petting me when he suddenly said "Oh perfect your awake im philza!" my throat was to weak to speak so instead I just moved closer to the him, The man smiled at the sight of me moving closer to him, My body was to weak to fight back right now so I just sat and thought of ways to get back to tubbo I slowly drifted to sleep.

I woke up to extreme heat, I moved around hoping that the heat would go away I suddenly felt a cold rag on my forehead I let out a quite groin "Mmm..." The man in front of me giggled and said "You have a really high fever hopefully this will help a bit" I opened my eyes a bit to see Wilbur sitting in the floor next to my bed ruffling my hair while staring at me fall back to sleep I can't lie it was a bit creepy but I ignored it due to the pain all Throughout my body

(image this but it's Wilbur sitting on the floor anyway back to the story)

before I drifted to sleep I said "Stop staring at me you weirdo.." then I went back to sleep

When I woke up this time my throat wasn't hurting as bad as it was before and my body wasn't aching I sat up from my bed to see no one around I took this as a sign to explore the place so I can see the best escape root I opened the door to my room quietly I stepped out the room and looked around while walking down the hall wall and thought to my self "Damn these people are rich rich.." and i looked to my right to see a huge flight of stairs so naturally jumped down the stairs to see if i can skip all the stairs i didn't i Ended up skipping like six steps and falling down the next 16 steps, I ended up crashing into a vase making a loud "BAM" Noise which ended up

making everyone in the house run towards the sound which wasn't a good thing for me "Heyyy.." i said when everyone was in the room "What the fuck are you doing." said Wilbur i responded with "I was walking down the stairs and i fell.." (An amazing lie i know) the old man said "As long as your ok, But you need to get your ass to bed our body isn't fully recovered yet" I fliped off the man and wilbur walked me up to my room and tucked me in and ran out the room to grab his guitar and played a wonderful song as i drifted to sleep his spook very quietly "Goodnight my songbird.."

We started to walk into the libary "Hello tommy!" wilbur smiled "What about me?" Techno said "You dont get a hello!" wilbur said "Ugh." techno said while pouting then philza clapped his hand to get our attention "Ahem." He said while our eyes head to him "Techno bring tommy over here" He said techno nodded he put me in front of philza, the philza said "Boys leave the room please." Wilbur said "Aweee i wanted to see him eat for the first time.." Philza said "I dont care now leave." now the two boys were out of the room wilbur was outside the door waiting for us, Philza pulled out a water bottle fulled with blood and said "Im not in the best mood right now so drink this then you can leave" I gaged at the sight of the bottle and said "No fucking way!" then suddenly my face started to sting my eyes started to full up with water the i heard philza say "Drink the blood." then i said again "No!" then he hit me again this went on for about an two hours until philza pinned him to the wall using his hair to do so and he said "JUST DRINK THE GOD DAMN BLOOD!" he dropped me on the floor and started kicking me in the ribs over and over again then he started punching me and threw into a bookshelf thats when he walked out of the room.

Philza's POV

"I wanna stay with you.." He said quietly i smiled slightly and sat down on one of the bean bag chairs tommy did the thing i grabbed the tv remote and turned on a movie half way into it tommy fell asleep so i got up carryed him in my bed tucked him in and watched the rest of the movie by my self, to be honest i have no idea why i put him in my bed but it was fine because i mostly sleep during the day.

He smiled I rolled my eyes and then he suddenly he grabbed my face "that's not something you do to your brother.." he said in a Stern voice I closed my eyes and said "Sorry.." he smiled and said " It's ok but next time you'll be punished." I wasn't going to let him tell me what to do then he hit me again and said "Drink" and I refused and he hit me again this went on for 20 minutes until he ended up grabbing the cup and forcing me to drink I started sobbing when the cup was done he patted my head and said "good job" he grabbed a med kit and started cleaning my wound's I ended up passing out while he was cleaning up the blood.

(SO SORRY FOR NOT UPDATING I HAVE BEEN REALLY BUSY BUT IM BACKK!)

~I need chapter names so bad 😩~

I woke up to see I was alone in my room so I walked to my bathroom and looked in the mirror to see my eyes bright red I sighed and started getting ready for the day.

Time skip

I was sitting on my bed looking out the window at the forest and realized what's stopping me from escaping? I got up and tried to open the window and it worked! I looked down at the ground a thought it's only a third floor and I'll be fine it was not fine I ended up falling and breaking my leg I screamed in agony and I got up and started to run
Just a tip
(T is for techno)
(P is for Philza)
(W is for Wilbur)
(And t is for Tommy)

Wilbur's pov

I was sitting in the living room with techno and Philza when I heard a loud BANG I looked around and said "Did you guys hear that?!" They both nodded and we all ran to Tommy's room, When we opened the door he wasn't there but the window was open, Phil sighed and said "Boys I guess we gotta chase him.." Techno nodded and ran out the room to go get on his armor, i decide to follow him.

Tommy's pov

I kept on running and running until I was in the middle of the the Forest I gasped for breath and I realized all the pain in the leg I fell down to the floor and I felt hot tears falling down my face a covered my mouth when I heard "Tommyyy~ where are you?" I sucked up the pain and tried to get up but I fell right back down I

decided to find a place to hide, I looked around to see a hole in a tree that I could fit in so a crawled into the tree and hided

Time skip

I was in the tree for about 20 minutes when I suddenly heard foot steps coming towards me a held my breath then I heard "Tommy come out and you won't be in trouble!!" It sounded like Wilbur's voice I had the sudden urge to come out but I fought it I heard the foot steps come closer and closer until I could see his black boots we walked over to a bush and said "are you in here?" He looked in the bush "No.." he spoke softly "Hmmm..." "I wonder.." "are you in this little hole in the tree?" He looked in the hole I was in and smiled "There you are!" He dragged me out and pulled my hair against the tree "Now.. your in big trouble.." I closed my eyes then he looked at my leg and said "Oh you broke your leg huh?" He giggled "Let's get you back *home*" he dragged me back home and I thought 'Whats going to happen to me...'

~punishment~

I closed my eyes thinking about what they might do to me will they hit me? Or maybe they'll break a bone I felt my eyes starting to fill up with tears Wilbur suddenly said "Awe don't cry darling we'll make it as painless as we possibly can " I tried to wiggle out of his grasp but he only tightened his grip I sighed and started thinking 'XD please let me get out of this..' hopefully my prayers will be answered

Time skip

I opened my eyes to see the house I was held captive in and two of my captors standing on the porch with anger in there eyes Wilbur walked up the stairs with me in his hands and we all went inside.

Wilbur sat me down on the couch and said "What should we do with you.." "We could Break his other leg so he can't get away for a while.." said Philza "Maybe we could lock him in a room?" Said techno my eyes filled with fear I looked down at the ground as they made up ideas on how to punish me "I know!" Said Wilbur "We could Break his other leg and lock him in a room for a week!" My eyes went blank I couldn't imagine how I would handle that i have severe claustrophobia and a fear of being alone on the dark those things together made me want to start sobbing I hoped that they would pick anything but that "That's a wonderful idea Wilbur!" Said Phil "I don't have a problem with that" said techno I felt tears falling from my eyes I heard techno and phil walk up to me Phil sat down next to me and hugged me while techno grabbed my unbroken leg I knew what was about to happen I started cry and saying "Please don't I'm sorry!" Over and over again until I felt a sharp pain go through my whole body I gasped at the sudden pain I felt more and more tears fall down my face then I was suddenly picked up and brought to a small room it was the size of a small walk in closet it didn't have a light I was dropped gently into the closet and I was locked in I looked around to see a small blanket and some noise cancelling headphones I started banging on the

door and screaming "LET ME OUT PLEASE IM SORRY ILL NEVER DO IT AGAIN" I felt blood pouring from my fist from how hard I was banging on the door I stopped after one hour of doing that I realized the walls were closing! As the walls were slowly caving in a gasped for breath and started crying more then I already was I ended up passing out due to stress and the pain in my fist and the legs.

(SORRY FOR NOT UPDATING I HAD SOME ISSUES WITH WATTPAD < 3)

so I just found out Technoblade my beloved died.

I will be taking a break from writing just to have time to process that my favorite YouTuber is dead, I will be posting again in 1-2 weeks sorry for this and may he fly high and rest peacefully </3

~IDK WHAT TO CALL THIS CHAPTER~

I woke up to dried tears on my face and my eyes being puffy I once again tried to open the door but it didn't open of course, I sighed and looked around I picked up the headphones and putted them on it was silent it was peaceful so peaceful that I might fall asleep...

Wilbur's pov
I was playing my guitar when techno suddenly bursted into my room "What seems to be the problem Mister blade!" I said with a evil smirk on my face "I want to go hunting for Tommy." He said "Oh?' I said while my smile becomes bigger "Alright we might need to shorten his punishment so he can eat" I said All techno did was nod and we both headed out my room and walked to the front door "ME AND TECHNO ARE LEAVINGG!!" I heard Phil say Ok and me and techno headed outside to find some prey.

Time skip
Me and techno were walking in the forest when suddenly we heard someone screaming "TOMMY WHERE ARE YOU" I turned to look at techno and he looked at me we both nodded and started running to the source of the noise.

Tubbos pov

I've been looking for Tommy for three weeks now I tried turning to the police but they did nothing but put up missing posters for him! So I decided to take Matters into my own hands and look for him anywhere I could think of, I made it to the Last Forest in our tiny town I sighed and vowed to find him even if it cost me my life.
I went into the forest with my flashlight in hand and walked for what felt for eternity when suddenly I heard foot steps running towards me I immediately turned to where they foot steps were coming from and there was nothing then I felt a sharp pain in the back of my head last thing I heard was "I guess Tommy's roommate came looking for him.."

Technos pov
I picked up my phone and started to call Phil to pick tubbo up
T:Hey Phil
Ph:Oh hi Techno!
T: Tommy's roommate came looking for him and we knocked him out can you come pick him up?
Ph: Oh sure I'll be there in 30 seconds
T: Alright bye
Ph:Bye mate!
I hanged up and put my phone in my pocket and as soon as I knew it Phil was there picking up tubbo bridal style Me and Wilbur said hi to Phil and continued out search for a helpless human.

(hey guys I decided not to take techno out of this series and I will make him the nicest out of all of them. Anyways have a good night/ Day Love you all bye!!)
(oh and ty for 3k reads it means the world to me!!)

Sorry I didn't upload in a while

I just started school lol so I'll only post on the weekends sorry 😩

idk what a chapter name is anymore

Tubbos pov
I woke to my hands tied to a pole as I opened I tried to pull my hands away from the pole but failed miserably as my eyes got adjusted to the darkness I looked around to see I was in a basement I turned my head to see dried blood stains on the grey cemented Floors and walls I shook off the scared feeling I needed to find Tommy!
I looked at my hands to see it was tied with rope ok easy I can escape this easily I stood up the best I could and used my horns to cut the rope. After it was cut I cautiously walked up the stairs to the door I put my ear up to the door to see if anyone was near by it was silent I twisted the lock to see if it was opened which it was 'That's a bit weird' but I paid it no mind I walked through the door and looked around it was a very modern house I looked over to see the kitchen no one was there I looked in the living room there was a winged man sitting there watching TV I looked to see that the stair well was behind the living room I knew what I had to do, I held my breath and walked towards the stairs the winged man moved a Bit but I managed to make it up the stairs. I sneaked around the house until I heard a muffled crying I walked towards the noise and it lead to a small closet I carefully picked the lock when opened the door I saw by best friend crying in the corner I hugged him I was so happy he was alive!

(YAY I UPDATE SORRY IT WAS REALLY SHORT BUT HAVE A GOOD DAY OR NIGHT!!)

I honestly don't think I can finish this
